†A "Yes" in the Real Estate Insured field indicates that the lawyer has purchased the required insurance from the professional liability insurer for lawyers in Ontario to provide real estate services to the public.

Lawyers who are also licensed in another Canadian jurisdiction may have appropriate insurance from that jurisdiction and be entitled to practise real estate law in Ontario, even if they have not purchased insurance in Ontario. The Law Society of Ontario cannot confirm if our lawyers are insured in another jurisdiction but the lawyer can give you that information.

The directory includes regulatory history information from February 27, 1986 onward. Discipline and other regulatory hearings that resulted in the ordering of a "Reprimand in Committee" or an "Admonition", while public, are not publishable and, therefore, are not included in this directory. It takes time for the directory to be updated with certain regulatory information. Contact the Law Society to ensure you have complete, up-to-date information. Your use of this directory is governed by and subject to the Legal Notice . You should check the Legal Notice from time to time to keep informed of any changes or additions.
